

In our efforts to improve our work, it can happen that the problems we are looking to solve are already solved somewhere else. That is why ECETT promotes the sharing of good practices among TCs. ECETT is an international network of experts and TCs (more than 700 units over Europe) who open their workplaces to welcome you for a two-to-five days traineeship to share good practices.

We are looking for you to join the ECETT network, to learn from others and to share your expertise.

Do you want "Mobility grants" to finance the travel costs of your staff members abroad? Contact us quickly and we will help you to fill in the application form to be introduced at the Leonardo da Vinci Agency. Next submission date is 4th February 2011 (the preparation of the dossier should start at least 6 weeks before).
